

February 11, 2022

Dear Valued Patient:

I hope the beginning of 2022 finds you well. I am writing this letter to thank you for your continued business and loyalty. For the past 15 years, it has been an absolute pleasure caring for your hearing needs as well as getting to you know on a personal level. I want you to know that I have accepted a new position and will no longer be with Hart. As most of you know, I have had quite the long commute for many years, and this new opportunity brings me closer to home.

On February 24, 2022, Hart Medical Equipment will be closing its Hart Medical Hearing Care department. Please note that all hearing aid warranties are still valid with their manufacturers.

Additionally, I would like to make your transition to a new hearing aid provider as easy as possible. I recommend Dr. Laura Curcio, Au.D., with Proctor ENT for patients closer to Rochester, and Dr. Rachel Prim, Au.D., with Riverfront Hearing for those closer to Flint. Both are extremely knowledgeable and caring audiologists, and I trust you will be in good hands with them. You may also contact your insurance provider or your hearing aid manufacturers, and they can direct you to a local provider.
